CPYC – Youth Sailing Program for Non Members

The Board of Directors of the Cottage Park Yacht Club announces the passage of a Youth Sailing Pilot Program for children of non members in time for the 2008 season.

The program allows up to twenty five children to participate in an extremely successful first class youth sailing program. They sail in N10's, Laser's and 420's and go to class sponsored regattas to compete against youth sailors from other clubs in their age group. Over the years they have won an impressive number of championships, and many have gone on to distinguish themselves at the college and national level.

Classes are divided by experience as beginners, intermediates and advanced. Sessions run from June 30, 2008 to August 22, 2008. Applications are available by emailing youthsailing@CPYC or by downloading at www.cpyc.org.

Once again CPYC is honored to have Hatch Brown, retired Massachusetts Institute of Technology's Sailing Master Emeritus as a program consultant.

Commodore Lou Todisco stated shortly after the program's passage, "This is a great opportunity for children to experience the joys of sailing and an equally great opportunity for their parents to get a glimpse of the positive activities surrounding family, friends boating of the Cottage Park Yacht Club."
