## Introducing the Club Administrator and Food Manager

The manager's position at CPYC has been divided into two part time positions while the BOD searches for a new manager.

Currently Past Commodore **Ellen Reilly** is serving as the administrator. She is handling hall rentals, club activities, communications, and Pilot House functioning.

She can be reached by calling the club, or emailing her at [manager@cpyc.org](mailto:manager@cpyc.org).

**Josh Pepi** has been hired as the Food Manager and is responsible for all things related to food at CPYC. He is in the process of getting the CPYC Catering going once again.

## Barge Arrives

Work has begun replacing the 19 damaged piles in the marina in order to open the marina for the season.

## Mud Samples Collected

Thank you to **Marty Klim** who happened to be at CPYC the day that the core mud samples were taken from the floor of the marina. **Marty** spoke with the sample takers and took pictures of the process.

The testing company brought in their own specialized barge. The two collectors took four samples

from the outside of the westerly marina slips and four samples from outside the easterly marina slips.

The samples were taken at high tide in 16ft 6 in water by their measurement. Each core was taken in a tube that appeared to be about 5 feet long. Each sample was put into a five gallon bucket.

Now the process of waiting for the results, begins!

## Official CPYC Blazer Patch

The official CPYC blazer patches are available for purchase from the Pilot House bartenders or from **Pat Leary** for \$25 . Gentlemen be sure to get yours to wear at the Commodore's Ball.

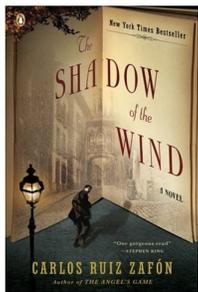

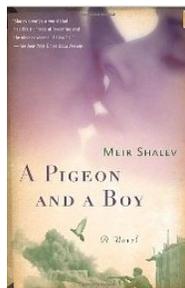

## BOOK CLUB NEWS

On Tuesday, May 31st the book club will discuss Meir Shaler's book, A Pigeon and a Boy. A historical novel and a love story, this book is set in the time period before, during, and after the period that Israel became an independent state. Shaler writes the story with intense and detailed scenes.

The next book selection is Shadow of the Wind by Carlos Zalon. Set in Barcelona, Spain, the book is a mystery and a love story with characters difficult to forget. The plot is complex with a lot of twists and turns. The date for this book is yet to be determined.

Meetings are at 7PM. Refreshments are served. New members are always welcome! For more information on upcoming events, please contact **Pamela Aranov** at [aranov@erols.com](mailto:aranov@erols.com) or check out the book club link on the [www.cpyc.org](http://www.cpyc.org)

## From the Treasurer

As presently CPYC does not have a full time Club Manager, the House Committee floated the idea of a monthly auction for the manager's prime parking spot. The Board of Directors has endorsed this idea. The following is the procedure to bid on this parking spot.

- 1) Each month from the 15th to the 25<sup>th</sup> sealed bids will be accepted. They can be left with the bartenders or they can be emailed to the Treasurer at [TREASURER@CPYC.ORG](mailto:TREASURER@CPYC.ORG). Please mark the envelope "Parking Spot BID".
- 2) All bids will be opened by the Treasurer and the House Committee on the 26<sup>th</sup> of the month.
- 3) Winning bid will be posted on the bulletin board in the Pilot House hall and the winner will be notified by phone call.
- 4) The House Committee will monitor the parking spot so that only the winner or his designee parks there.

GOOD LUCK EVERYONE  
Don Kearney

# 2011 Marks Interclub Dinghy National Championship

Saturday April 20th dawned overcast and windy for the IC Nationals sponsored by the Paul Marks Food Service Company. As registration and measuring progress, the winds increased so that by race time they were out of the east northeast, strong and gusty. The interclub dinghy is a 12 foot round bottomed cat rigged boat. Skippers and crews got a workout as the four Saturday races were

The Start of Race Two

Careful Balancing Downwind

sailed. Winds picked up with gusts well above 20 and waves in the race area, between Grand View Avenue and the Dolphin, reached an unusual 4 foot height in the outgoing tide. Rescue boats were kept very busy as by the end of the 4th and final race of the day, only 19 of the 35 registered boats, finished. The conditions did in some very experienced sailors.

After Saturday's racing, getting warm and dry was the priority for the sailors. Sociability, dinner, raffle and bowling followed.

On Sunday the clouds were darker, and the winds gusted up to 30mph, forcing the racing to be abandoned at 11 AM.

**Paul-Jon Patin** and **Felicity Ryan** of Larchmont won the regatta with 8 points. **John** and **Molly Baxter** were a close second, only 1 point behind.

Winthrop frostbite members **Paul** and **Gaelen Adams** took 3rd. CPYC members **John** and **Myrna-Chan MacRae** came out of retirement to place 4th. Other CPYC members surviving the day included **Erik Goethert** with **Erin Riley** (past youth sailing head instructor), 6th; **Steve Braverman** and **Cindy Olsen**, 10th; **Bill Rothwell** and **Ginny Fuller**, 13th; **Kristen Goethert** (pregnant) and **Linda Epstein**, 14th.

Winners Patin and Ryan upwind ▲

L to R. Regatta organizer **Bill Rothwell** and Regatta Chair **Julia Marsh** award the IC National's Championship to **Paul-Jon Patin** and **Felicity Ryan**. ▶

◀ **Lucky Commodore Larry Floyd** won the dry suit. Daughter and sailor **Lucy** is probably the one who is really lucky.

## 2011 Snow Row Report

Richard Honan

Had a great time at the Hull Snow Row, a 3 3/4's mile ocean rowing race. There were bright sunny skies, brisk winds and almost one hundred boats. We made the trip across Boston Harbor on **Larry Bradley's** lobster boat, the "Sandy B", loaded with **Josh Aronov's** 12'00" Whitehall, the "Suzy Too," along with my 15'00" Ducktrap Wherry, the "William & Anthony". Winds were out of the west in the low twenties with gusts over thirty knots. We decided that my nephew would

replace brother **Steve** as my other crew member. It was going to be a long tough race.

Upon arriving Windmill Point in Hull, we could already see numerous boats being unloaded and placed on the beach. There was lots of pre-race excitement, lots of wooden boats and lots of good folk. Boats range from

one person kayaks and shells, two person dories, wherries, Whitehalls, whaleboats and six person 30'00" gigs with a coxswain. It was quite a sight to scan the beach and view the number of wooden boats lined up for the start of the race.

The start of the race itself is very exciting. All of the boats are left unattended at the waters edge, with the competitors standing

above the high water mark. At the sound of the starting cannon, the crews run to their boats and attempt to shove off, all the while jockeying with the other boats for a clear space to start rowing. It is very exciting!! The race around Hingham Harbor under bright skies and windy conditions was tough. One five person rowing shell swamped, putting all the crew members in the thirty nine degree water for a short period of time. The cold water combined with the twenty knot wind took a toll on their bodies. They were rescued and picked out of the water by fellow rowers and then transferred to Larry Bradley's boat. Larry's boat has a large heated cabin, but even with heat they were shivering uncontrollably. They were all suffering from hyperthermia. They were met at pier by Hull Fire Department and rescue squad. Hats off to the US Coast Guard, the Hull Fire Department and the Hull EMT's for their assistance and making sure everyone was alright.

**Matthew** and I narrowly missed second place in our division by twenty minutes. It was a great way to shake off the winter cobwebs and prepare for spring and summer. Overall it was a great day!

### Friday Night Bowlers Enjoy Fun Filled Evenings

With the spring season of our Friday Night Bowling group now in progress, the attending members, pictured on left, would like to express our appreciation to Cottage Park Yacht Club for having such wonderful additional activities for its members. While our evening of bowling starts at 7:30 PM, most of us come earlier, shortly after 6:00 PM, to enjoy dinner together in the Pilot House thanks to **Ellen Reilly** and her staff. We concluded our fall season with our annual Holiday Party and Awards Night in December at the home of **Claire** and **Dave Hubbard**. Plans are now underway for our Annual Fall Weekend in Maine.

We have a membership of over 18 and would welcome any new bowlers (couples or singles) desiring to join us. To obtain information and sign up, please call me at 617-846-2901 or our Membership Chairman **Maureen Ford** at 617-846-6394. Looking forward to continuing a great season of fun and comradeship.

**Dave Hubbard**, Chairman.

**United States Coast Guard Auxiliary**  
U.S. Department of Homeland Security

**NATIONAL SAFE BOATING WEEK**  
MAY 21-27, 2011

## **EVEN EXPERIENCED BOATERS NEED A VESSEL SAFETY CHECK!**

By Ray Julian

The most cautious boaters can sometimes experience unexpected problems on the water. That's why the U.S. Coast Guard recommends that all recreational boaters, including personal watercraft and paddle sport users, take advantage of the free Vessel Safety Check program every year. The Vessel Safety Check (VSC) is performed at your boat whether in a slip, at the launch ramp, or in your driveway by a certified Vessel Examiner, at a mutually convenient time, and usually takes 30 to 45 minutes, depending upon the size of your boat.

Ready to get started on your path to safer boating? The easiest way is to simply log onto [www.cgaux.org/vsc](http://www.cgaux.org/vsc). Enter your zip code to find your local USCG Auxiliary Vessel Examiner. From there you can contact them directly to set up a time and location for you Vessel Safety Check.

If your boat does not pass, no report is filed. Instead, you are provided a written report that aids you in correcting any discrepancies noted. Often, a quick trip to the local marine chandlery is all that is necessary to obtain missing safety items and easily pass a re-inspection. West Marine offers a special price discount, with your written report, in purchasing the missing equipment

The Coast Guard Auxiliary is also available to help local boaters ensure their radios are in good working order and improve the Coast Guard's response to distress calls.

By using a marine-band VHF-radio equipped with digital selective calling (DSC) properly registered with a Maritime Mobile Service Identity (MMSI) number and interfaced with your GPS, your radio configuration will be compatible with the new Rescue 21 system that increase

the Coast Guard's ability to respond to distress calls in the coastal zone. In an emergency, your DS radio will send an automated distress alert containing vital vessel information, position, and the nature of distress (entered) will be one push of a button.

To obtain and register your free MMSI number, the Coast Guard recommends logging onto either [www.boatus.com](http://www.boatus.com) or [www.seatow.com](http://www.seatow.com)

**Ask an Auxiliarist you know at CPYC for more information:** Norman Hyett (617.909.0912), Raymond Julian (617.930.3699), Stephen Machcinski, Harvey Leibovitz or email [Winthrop Flotilla 5-1 flotilla5-1@a0130501.uscgaux.info](mailto:Winthrop Flotilla 5-1 flotilla5-1@a0130501.uscgaux.info)

The overarching mission of the U.S. Coast Guard Auxiliary is to contribute to the safety and security of our citizens, ports, waterways and coastal regions. We balance our missions of Recreational Boating Safety and Coast Guard Support with Maritime Homeland Security and other challenges that emerge as a result of our growing understanding of changes required in the post-9/11 era. You do not have to own a boat or participate in water-based operations to join the Auxiliary.

## Youth Sailing News .....

Registration went well and we were able to meet several new families as well as welcome back many of our old families. Registration will remain open and ongoing through parent night 6/13. Anyone interested in more information can contact anyone of the board members at [youthsailing@cpyc.org](mailto:youthsailing@cpyc.org)

As summer nears, the Give Wind Booster program is once again being launched. This tee shirt program helps to support youth sailing's activities throughout the summer. The information about Give Wind and application are on the right.

The Winthrop High School Sailing team began practicing at CPYC the end of March. Number of CPYC Youth Sailors are on the team which primarily competes at Community Boating on the Charles. So far they have defeated Swampscott in a scrimmage and have swept Natick High, St. Sebastian's High School and Newton Country Day School in the Official "C" division three team matches they have competed in. Coach **Jeff Brock** has stated, "Our early success is a result of great youth sailing programs in the community and practicing with the 420's at CPYC has given us an edge that the other C division teams are envious of."

Recently team member and CPYC member daughter, **Genevieve Bradley** was honored by being named Sailor of the Week in US Sailing's weekly electronic newsletter e-USSAILING distributed to over 35,000 US SAILING members and subscribers. For the full story go to [http://media.ussailing.org/Sailor\\_of\\_the\\_Week.htm](http://media.ussailing.org/Sailor_of_the_Week.htm) (April Sailor of the week) **Gen** is co-captain of the high school team. She was recognized because of her actions rescuing a team mate who capsized on a windy day in 35° water. Picking her team mate from the water, she sailed to shore and warmth.

▲ Loose bolts on the main gangway are tightened

▲ A tippy finger gets hauled, scraped and repaired

Launch and RC boat get painted and equipment cleaned ▲

# Marina Weekend Spring 2011

The WWII Memorial Plaque finds a new home and the member notice board moves into the Pilot House corridor ▶

Bolt sorting ▲

◀ Float hoops are made and installed as needed

Sorting and destroying the mountains of obsolete papers ▶

◀ The "Ann Frank Room" extension gets flooring

# CPYC Store

Be sure to check out the CPYC store items. The case displaying the merchandise is located in the easterly corner of the Pilot House. There are hats, wine glasses and various other items available.

**Pat Leary** is now our store coordinator. She is the “go to person” to get the items you want. You can also ask the bartenders for an order sheet and catalogue for embroidered clothing.

During breakfast with the bunny, **Pat** held a “blow out” sale on various items that are in stock with odd sizes. Check with **Pat** for some great deals.

**Dick Lawton** is getting his grandson's approval on his newly purchased hat.

# Farewell To Ann-Marie

There was a terrific turnout Sat, March 19th to wish a fond farewell to **Ann-Marie**. During her 4 1/2 years as manager she helped bring the Pilot House food service on board, began

CPYC Catering and did countless other things for CPYC.

Commodore **Larry Floyd** presented **Ann-Marie** with a CPYC burgee to remember her time here.

(As an editorial note, I will always remember

her for her smile and saying ....”no problem.”)

We wish **Ann-Marie** and her husband **Donny** well and hope that they will return to CPYC to visit.

## Meet the New Members

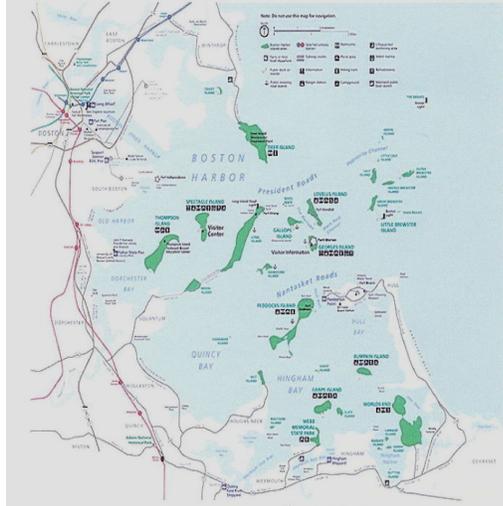

Welcome to **Michael Finer** who lives in Winthrop. An investment advisor, **Michael** has two children, **Elizabeth** and **Alexander**. He is also an avid boater and a Lt. Col. in the Army National Guard having recently returned from Iraq.

**Jerry Blouin** and his wife **Nancy** are not strangers to CPYC, as they have been here many times with the **Economides**. **Jerry** is retired lawyer, woodworker, and two times Rhodes 19 National Champion. Originally from Louisiana, the **Blouin's** spend their time in the Northeast now, having lost everything in Katrina.

A Medical Assistant, **Nicholas Latta** is a true Winthropite having grown up here. He wants to learn to sail and has many friends who are CPYC members.

Welcome back to **Elvin Rodriguez**, wife **Amy**, and children **Christopher** and **Emily**. **Amy** is **Richie Honan's** daughter. Also returning to membership is **Gavin Peters**. Living in Cambridge with his wife **Kimberly** and children **Nicholas** and **Monte**. **Gavin** is a software engineer. Currently he owns the 30 foot sailboat, Legacy, but plans to purchase a bigger boat eventually.

## Boston Harbor Island History Project

From [www.nps.gov](http://www.nps.gov) Boston Harbor Islands Recreational Map

Do you have stories of people, events, places or photos of the history of the Boston Harbor Islands?

Mass Memories Road Show is collecting stories and photos of the Harbor Islands History which will be digitalized on September 17th between 10AM and 4pm at the Massachusetts Archives, Columbia Point, Dorchester.

This is a part of a state wide project to collect and document the history of Massachusetts that will serve as a digital educational source going forward.

For more information go to [www.MassMemories.net](http://www.MassMemories.net) or contact **Pat Leary** who is working in the project.

## Returns....after 70 years!

### Ralph Baker's Past Commodore's Burgee

After a 70 year hiatus, **Ralph Baker's** Past Commodore's burgee has returned. It was presented to newly elected Commodore **Larry Floyd** at the annual meeting. It now graces a wall in the ballroom.

**Ralph's** long time friend, **Dottie Merrill**, had given it to **Mike Gahan** before her death. **Ralph** was our eighteenth Commodore as is evident by the "18" on the burgee. We are glad to see such club history preserved.
